

# Case Studies

- *“By eliminating latency, Akamai enables us to deliver a consistent end-user experience, which promotes more regular data entry and more immediate data analysis capabilities.”*
- *“Since implementing the Akamai solution, the number of successful software downloads has grown by 50%, month over month.”*
- *“Immediately after subscribing to Akamai’s Web Application Accelerator service, our customers were able to access our eCommerce site up to 77% faster with no other changes to our infrastructure. The 4,000 to 5,000 scientists and engineers who come to our site every day are getting a rich array of technical information and media delivered much faster and more reliably than before.”*
- *“Akamai is a key component of our Web-based solutions, enabling us to better deliver our services. In fact, using Akamai sets us apart in the marketplace.”*

### @ Internet

The Internet is like a magical forcefield around the earth which you can only ride if you're under 5 foot and own a hover-keyboard.
